My 8-year-old, the computer prodigy - and why we moved him to Melbourne

Seth Yee knows three programming languages and thinks at the level of students more than twice his age. But he struggled with his behaviour and the Singapore school system.

- **prodigy** (n.) someone with a very great ability that usually shows itself when that person is a young child
- his out-of-control tantrums in class
- highly-talented kids who struggle with behavioural issues that can affect their social and emotional development

- At four Seth Lee was certified "gifted" with an IQ of 134, in the top 1 percent for children.
- When he was six, his parents packed him up and moved to Melbourne, hoping that a change in environment and school would do their son good.
